

**INFANT BAPTISM** is worse than **WORTHLESS!** **Infant baptism is a DANGEROUS FALSE SALVATION** when connected with being *born again* (as in Catholicism, Lutheranism, etc.) and cannot help or bless a baby spiritually in the slightest way. Infant baptism is not connected with *dedication to God or consecration*; nor is it Christian baptism, which is preceded by repentance and faith in Jesus (Acts 8:12,13; 18:8; etc.). An infant is NOT able to repent or have faith in the Lord Jesus Christ. Parents are not helping their baby in the slightest way with this **FALSE HOPE**, nor are they hurting their baby by denying infant baptism. **There are NO examples of infant baptism in the entire bible.** Infant baptism should not be practiced by Christians nor even considered and it certainly is not a replacement of OT circumcision given to male infants.
