

## A Jehovah's Witness Reading Watchtower Literature Instead Of The Bible To Learn Truth

The number one "snare and capture" technique used by the Watchtower leaders is to convince others they can NOT understand the Bible apart from their literature. Those who fall for it are, therefore, trapped and have become puppets and slaves for the Watchtower! They will then believe and act in accord to what the leaders at Brooklyn, New York declare. From spreading another gospel to another Jesus to another Spirit, the poor, deceived and lost Jehovah's Witnesses who come to our doors are thinking they have to take in (accurate) knowledge from the Watchtower to get eternal life, based on the Watchtower's misuse of John 17:3 while they refuse to go to the Lord Jesus for (eternal) life (Jn 5:39,40; 4:10).
